Subject: Final Site Specific Work Plan (SSWP) for the Former Midland Army Airfield, Midland County, Texas

Dear Stakeholder:

Please find enclosed the Final SSWP for the Former Midland Army Airfield, Midland County, Texas. Comments received from the Draft SSWP have been addressed and are included in the front pocket of the enclosed packet. Your comments are valuable input to the Site Investigation process and we appreciate your time and effort in sending them.

We are in the process of preparing for field work at the Former Army Airfield. When the field work is completed we will prepare a Draft Site Investigation Report, which will also be sent to you for review and comment. We will also schedule a second Technical Project Planning (TPP) session coincident with the review of the draft SI Report. You will be invited to the TPP session, where we will discuss the Draft SI Report and any questions or comments you might have.

Again, thank you for your continued participation in the Corps of Engineers' Site Inspection for the Former Midland Army Airfield. If you have questions or wish to discuss the project, please call or email me. My phone number is (817) 886-1470 and email is [patience.n.nwanna@usace.army.mil](mailto:patience.n.nwanna@usace.army.mil)

Sincerely,

  
Patience Nwanna  
Project Manager
